TWOHY WON THE MEDAL

Yesterday's Scores Were Low Owing to the Strong Wind.

AN ENGINEER GOT SHOT

One of the B., A. & P. Men Received Two Bullets About His Neck While Taking the Train Up the High Grade.

It was blowing half a gale at the park yesterday afternoon with the result that the scores made by the shooters were remarkable for the low figures in which they were recorded. Just by way of a change D. D. Twohy got away with the gold medal on a score of 15. It is some little time since the coveted jewel has sparkled on Mr. Twohy's manly breast, though at the beginning of the season he was doing some remarkably fine shooting and gave promise of keeping the medal for all time. Mr. Nadeau won the B medal with a score of 11 to 10 for Mr. Den-

It is quite evident that some members of the club have an unquenchable thirst after big game, and yesterday one of the shooters got an engineer on the B., A. & P. train that was passing about 200 yards in front of the traps, with the first barrel. Although the shot were small, being No. 8, two pellets struck the man on the ear and neck so that he bled most profusely. The members all express regret for the accident, but as the track is quite a good distance away and on much higher ground than where the shooters stand, the railroad men were never considered in any danger. Greater care will be taken in future not to shoot while trains are passing. The scores were as follows: In a 10-bird sweep; Cruger, 6; Rockefeller, 7; Twohy, 2; Bartlett, 7; Dennison, 5; Nadeau, 4.

In a sweep at 15 singles: Twohy, 6; Rockefeller, 10; Tuttle, 9; Cruger, 8; Bartlett, 8; Nadeau, 4; Dennison, 7. In the gold medal contest: Tuttle, 14; Rockefeller, 12; Bartlett, 9; Cruger, 12;

Twohy, 15. In the B medal event: Dennison, 10: Nadeau, 11.

In a sweep at 25 birds: Twohy, 17;
Rockefeller, 10; Tuttle, 15;
Nadeau, 10; Dennison, 12.

He's Doing Quite Well.

Frank Collins is becoming quite an able navigator on the bicycle, though he only got his iron horse three days ago. It takes his entire undivided attention steering the new machine, and he generally carries a notice round with him that he borrowed from an ocean steamship, bearing the wheel." He was coming down Park avenue yesterday afternoon driving before the wind with main sail and flying gib all set, and was thoroughly enjoying himself when he struck a rock in such a manner that he parted company with his manner that he parted company with his wheel. He hit the ground so hard that when he went to dinner about an hour after the accident, he had not got rid of all the rocks and boulders that he got in his mouth when he hit the dust. The bicycle was slightly disfigured, but the wheels are still in a sort of a ring.

A large party of wheelmen rode over to Warm Springs yesterday afternoon. The party included Messrs. Wilkinson, Du-breuil.Neal, Hosford, Ashford, Barneyback. Campbell, C. P. King, Benson and Robert Tolan, Frank Collins. They had a hard trip and most of them after returning, at about 6 o'clock last evening, were ready for bed, being thoroughly tired out.

Applicants for the office of postmaster at Deer Lodge are doing some rustling these days. Several petitions have already been sent to Washington and another one has been circulated this week. Postmaster Coleman's commission expires in July. His successor, whoever gets the appointment, may make as good an officer, but we do not believe Deer Lodge will ever have a more courteous or efficient postmaster than Lew Coleman.—

THE INDEPENDENTS WON Yesterday's Ball Game at the Park

Brought Ou: Some Good Players. The ball game at the park yesterday was made very short on account of the igh wind which prevailed all afterno The score at the end of six innings was 16 to 1 in favor of the Independents. This was due in a great measure to the playing of Croina, Whalen and Dwyer, pitcher, catcher and short stop, respectively. These gentlemen played in the Northwest leaves a few years according to the stop. league a few years ago and are therefore somewhat better players than the average Anaconda ball player. Griffith played a Vary good game on first and McGovern did well on second.

The other team, the Capitals, were somewhat weak all around, although Bracken, Jones, Wear, Holland and Sherron played very good ball. Jones, who was pitching, threw his arm out, and last night it was swollen to a very services. on second. very serious extent. On account of the disagreeable weather, only a few persons had the hardihood to brave the wind and witness the game. Taken all in all the game was not well played, and many a practice game shows better work than that which was performed yesterday. The

weather prevented fine playing.
So far no game has been arranged for next Sunday, but undoubtedly some sort of a match will take place on that day. By picking out the best players from the two teams engaged in yesterday's game a nine could be organized that would be a pretty sure winner anywhere.
